Applicants (Appellants) hereby petition the Commissioner under 37 C.F.R. §
1.181(a)(2) to reopen prosecution within the above-referenced application. Upon filing
their Brief on Appeal in this case, Appellants received an Examiner's Answer containing
a new ground of rejection which therefore has not permitted them a fair opportunity to
react thereto prior to decision by the Board of Appeals and Interferences. The facts of
this situation are as follows:

01/14/2002 GTEFFER 00000001 040500 09281089

FACTS

1. Appellants filed a Brief on Appeal on July 19, 2001, in response to the Final
Rejection of all of the pending claims by the Primary Examiner. Such Final Rejections

RECEIVED

included some under 35 U.S.C. § 112 as well as an obviousness-based art rejection (under 35 U.S.C. § 103(a), namely based upon the teachings of U.S. Pat. No. 4,515,850 (hereinafter "Ishino et al.") in view of U.S. Pat. No. 4,911,957 (hereinafter "Watanabe et al.")).

2. Appellants then received an Examiner's Answer in reply to their Brief on October 2, 2001. Such Answer, although retaining most of the previous rejections under 35 U.S.C. § 112, did not retain the same art rejection of Ishino et al. in view of Watanabe et al. To the contrary, said Answer contained a brand new basis of rejection under the same statute, based upon the teachings of U.S. Pat. No. 4,911,957 (hereinafter "Oishi et al.") in view of Watanabe et al.

3. No explanation for the replacement of the previous Ishino et al. in view of Watanabe et al. rejection with the Oishi et al. in view of Watanabe et al. rejection was provided by the Primary Examiner.

REASON FOR PETITION REQUEST

The request for such reopening of prosecution is made with sufficient cause and basis because of the specific requirements set forth within 37 C.F.R. § 1.193(a)(2), as well as M.P.E.P. § 1208.01. As such provisions within the rules state, such a new ground of rejection is improper and the Primary Examiner, again as required by rule, should have

reopened prosecution upon introduction of such a new ground of rejection within the Examiner's Answer to Appellants' Brief on Appeal. As a result, Appellants respectfully request direction to the Primary Examiner to reopen prosecution in order to permit Appellants the opportunity to fairly respond to this new ground of rejection.

PETITION FEES

It is believed that a fee of \$130.00 is owing in relation to this Petition. The Commissioner is hereby authorized to deduct the requisite amount (\$130.00) as well as any other required amounts to place this petition in the proper condition for consideration by the Commissioner from our Deposit Account No. 04-0500.

Respectfully submitted,
